Though intended for professional media, these resources may also be interesting to patients, healthcare professionals, and investors. The media relations team is focused on responding to media inquiries. However, we want to ensure that customers, investors, and others receive the appropriate attention.

For patients or healthcare professionals with questions about Pfizer's vaccines or medicines, please see our global list of medical information contacts.

For investors with questions about Pfizer's efforts, please visit our contact page and select "Shareholder Services".

For all other non-media inquiries, please visit the contact us page to reach the appropriate Pfizer contact.

Featured Stories

A Return to Munich: Reflecting on Eight Years of Progress in ATTR-CM

Eight years ago, few people had heard of transthyretin amyloid cardiomyopathy (ATTR-CM), and it was rarely diagnosed in cardiology practice.

The Hidden Infrastructure Behind Every Pfizer Medicine

Getting a medication can seem as simple as a trip to the pharmacy. In reality, that moment is the last step in a complex, rigorous, and largely invisible process.

Decoding Tumors: Inside the Spatial Revolution in Cancer Research

Advances in what's known as spatial transcriptomics have enabled scientists to begin stitching snapshots of cancer cells together.
